PROFESSIONAL SUMMARY

Dedicated to self-development, team-player, passionate towards programming and keen to work in challenging projects. Ready to work closely with both teams and customers to identify most efficient as well as beneficial solutions.

EXPERIENCE

Digital Marketing and Research Senior Associate 02/2025 - current
Google Operations Center (GOC) - Gurgaon, Haryana

- Authored and maintained Standard Operating Procedures (SOPs) for data enrichment pipelines, standardizing workflows across the research team to improve project delivery times and consistency.
- Led targeted market research initiatives to identify Key Decision Makers (KDMs), ensuring deliverables closely aligned with the company's Ideal Customer Profile (ICP) and overarching business objectives.
- Directed comprehensive data validation projects, enforcing rigorous quality checks to maintain high accuracy thresholds and ensure absolute compliance with data privacy regulations.
- Managed the end-to-end lifecycle of lead profiling tasks, transitioning raw data into actionable intelligence while hitting strict SLAs and operational metrics.

Analyst 10/2023 - 02/2025
Google Operations Center (GOC) - Gurugram, India

- Analyzed and enriched large-scale datasets to extract actionable business intelligence, aligning data points with target customer profiles.
- Collaborated on standardizing data workflows, reducing manual errors and improving the overall efficiency of information retrieval processes.
- Acted as a bridge between technical constraints and business needs, ensuring data enrichment processes met enterprise-level accuracy standards.

Technical Support Associate 08/2022 - 10/2023
Western Digital - Gurgaon , India

- Served as the primary technical liaison for international clients across North America and Australia, ensuring seamless communication and rapid resolution of critical technical escalations.
- Translated complex technical hardware and storage issues into actionable steps for non-technical clients and internal teams.
- Led cross-functional troubleshooting efforts, performing root-cause analysis to streamline support workflows and minimize recurring system issues.

EDUCATION

Master of Computer Applications: MCA - 9.5 CGPA, 02/2023 - 01/2025
SRM Institute of Science And Technology - Chennai, Tamil Nadu

BCA - Bachelor of Computer Application: Gold Medallist - 8.75 CGPA, 2022
SRM UNIVERSITY - Delhi, NCR, Sonapat

PROJECTS

- **Science Express** - Learning Platform developed using **JAVA and MySQL (Using JDBC)**.
- **YSSS HEALTHCARE** - Symptom based Disease Prediction model.

CERTIFICATIONS AND LICENSES

- **Google Sheets Training** - Google Operations Center
